Doctor Duve Gets Rid of Dull Summer Skin

Jet Peel Therapy for the Face and More

You're a smooth operator, but does your face say otherwise?

Rid yourself of telltale signs with a Doctor Duve (pronounced *du-vay*) facial. The German dermatologist has just introduced his Jet Peel 3 System and products at Michaeljohn in Mayfair.

The Freshlift starts with an oxygenating jet peel of salty water that blasts dead skin from your face and neck. It's not relaxing (and sort of tickles), but it does allow his antiaging products and serums to penetrate deeper. As a final step, a therapist applies a collagen plumping mask and goes to work on your hands.

If your face isn't the problem, go for the Back Therapy (a facial for your posterior), Handover (cleanse, exfoliation and clarifying for your digits) or Get Tressed (a volumising treatment for limp hair).

You'll leave slicker than ever.

Available at Michaeljohn Salon, 25 Albemarle Street, W1S 4HU (020 7629 6969 or michaeljohn.co.uk), £160. For more information, go to doctor-duve.com.
